(1) All vacancies in the I Grade of Foresters are so far being filled up by the promotion of the men in the II Grade of Foresters and the practice which is now obtaining may with advantage be continued and the revised rules relaxed to this extent with a view not only to give wider scope to the qualified, experienced and really deserving men to rise in service, but also in the interests of maintaining continued efficiency in the work of the I Grade Foresters, which otherwise it is feared is likely to suffer.

(1) This existing practice as per Dept rules for promotion from grade to grade may prevail, as suggested by the C.C.F. Such a view is generally allowed regarding recruitments like these]. N

(2) The suggestions made in the Secretariat note as regards filling up vacancies in the II Grade of Foresters, Rangers, Accountants and clerks may be accepted. In the case of men to be recruited to the last grade of Rangers, it is however necessary that they should have undergone a recognised course of training in Forestry and obtained Rangers' Certificates.

(2) May therefore be accepted. The recruitments will be only to the last grade of Rangers, but as there are trained or passed men for Rangers, the training will have to be after the first recruitment. N

(3) The Secretariat note is silent as regards the question of filling up of vacancies in the - Foresters, Rangers and Ministerial grades carrying fixed rates of pay. I am of opinion that the same rules as are applicable to the time scale appointments under the two classes in the different grades, may be made applicable for filling up vacancies - arising in the fixed pay grades.

(3) May be approved accordingly. In fact, this is our idea, as it was evident, ~~it was not~~ as it was general application it was not repeated]. N
